

Classes not appearing in Canvas

Problem

A class you are registered for are not appearing in Canvas.

Solution

All students should be able to see their class on their Canvas Course list at least four weeks before the class, in which they are enrolled, is scheduled to begin. Here is a tutorial that will show students how to confirm that they are enrolled in a Canvas course that has not been made available to students by the instructor.

The unavailable course will appear in 'Courses' under a heading titled, 'Future Enrollments':

<https://community.canvaslms.com/t5/Student-Guide/How-do-I-view-all-my-Canvas-courses-as-a-student/ta-p/520> .
